

3-DAY TRAINING: Ruckus CLOUDPATH 5.1

CPA 200 - Ruckus Cloudpath Security and Policy Platform Management: Technologies that comprise Cloudpath will be discussed, along with the ability to provide a scalable, easy to deploy, and secure enrollment solution.

WHAT CAN YOU LEARN IN THIS TRAINING?

This course is designed to prepare students in the configuration, administration and maintenance of the Ruckus Cloudpath enrollment system. Topics also include use cases and deployment examples to guide students in effective administration of the Cloudpath features.

Audience

This course is designed for network administrators, network engineers, wireless administrators, network architects, and technical support engineers that are involved with installation, configuration, and maintenance of onboarding procedures of wired or wireless clients and their devices.

Prerequisites

- Each student should bring a laptop with functional WIFI.
- RASZA200 is recommended

Course objectives

- Describe Cloudpath features and the solutions it provides
- Discuss purpose and roll of certificates and PKI protocols in the Cloudpath solution
- Discuss the creation of workflows for company managed, BYOD, and guest access
- Configure various Network Access Control (NAC) policies for client, device, and access types providing unique policy enforcement
- Deploy onboarding workflows at multi-location environments
- Describe Cloudpath server clustering

SOLUTIONS

- **FEATURES**
- **PKI PROTOCOLS**
- **WORKFLOWS**
- **NETWORK ACCESS CONTROL**

THE ART OF
IT INFRASTRUCTURE AND SECURITY **DISTRIBUTION**

AGENDA

- Overview and features
- Certificates in cloudpath
- Installation
- Components
- Workflow configuration
- Workflow : MAC Authentication
- Guest Access
- Customization and Multi-workflows
- NAC and MDM
- Advanced workflow
- Upgrades
- Clustering
- Troubleshooting

Practicalities

Lunch is included in the training.

Trainer

Dries Velle, Ruckus Certified Official Trainer

Evaluation

Evaluation is a continuous process by Kappa Data, so your feedback will be asked during the training. At the end of the training you will also receive a full survey where you can add your feedback.
